

Company: Squeeze Food Colours

Country of Origin: Belgium

Products:

- Greens: for apple, kiwi.....
- Yellows: for lemon, vanilla...
- Browns: for chocolate, tiramisu....
- Reds: for strawberry, raspberry, grenadilla....

Company profile:

Squeeze Food Colours is an integrated part of Squeeze and the idea originated in 1997. It is the result of our discussions with some companies from the ice cream and dairy industry explaining us that there was a potential for tailor made natural colours for both ice cream and sorbets. Over the past years our business in this field has grown substantially and we now sell a considerable amount of our natural colours to the dairy industry.
